

GSK Chair in Clinical Pharmacology
Schulich School of Medicine & Dentistry
Western University

Posting Date: June 21, 2024

Position Profile:

has a Royal College accredited program in Paediatric Clinical Pharmacology. The University of Western Ontario has the largest Division of Clinical Pharmacology in North America as well as the largest Clinical Pharmacology residency in Canada and an active graduate program in Pharmacology and Physiology.

The Hospital: Children's Hospital is the only Canadian tertiary care center between Toronto and Winnipeg, serving a population of approximately 500,000 children. The Paediatric Critical Care is a tertiary care unit with an annual admission of over 900 patients. In addition, Children's Hospital has 64 general paediatric beds, 46 neonatal beds and a dynamic emergency department. The Department of Paediatrics in London has over 100 faculty members, 40 trainees, and provides a full array of Paediatric specialty services. The Children's Hospital has a Quality and Safety Committee and has formed partnerships within various international quality improvement initiatives. The department has 5 basic scientists as core members and numerous opportunities exist for clinical, epidemiological, translational, and basic research.

The City: London, Ontario is Canada's 10th largest city with a population of 400,000, a catchment area of 2.4 million, and is situated in southwestern Ontario between Toronto and Detroit. The region has a strong economy and excellent primary and secondary school systems for residents with children. It is a safe and culturally diverse city. With parks, tree-lined streets and bicycle trails, London is known as the "Forest City". London boasts an international airport, galleries, theatre, music, and sports. See www.lecd.com/whyLondon to learn more.

The University: Western University is a research-intensive university with full-time enrolment of 34,000 students and a full range of academic and professional programs. The Schulich School of Medicine & Dentistry provides an outstanding educational experience within a research-intensive environment where tomorrow's physicians, dentists and health researchers learn to be socially responsible leaders in the advancement of human health.

To apply: Applications will be accepted until the position is filled. Review of applications will begin after
