The Department of Electrical and Computer Engineering <https://www.eng.uwo.ca/electrical/> is one of  
the six academic Units in the Faculty of Engineering <http://www.eng.uwo.ca> at Western University.  
Faculty and staff in the department support and foster the educational and research pursuits of

undergraduate and graduate engineering students, while providing the best student experience. The Department offers degrees in Electrical Engineering, Software Engineering and Mechatronic Systems Engineering. Our internationally recognized faculty include two Canada Research Chairs (Tier I), Canada Research Chair (Tier II) and one NSE-RDNE Industrial Research Chair. We have thriving research groups in software engineering, mechatronics, biomedical engineering, communications and power systems. Our vision is to be recognized as one of the top five research intensive departments of Electrical and Computer Engineering in Canada.

If you share our commitment to excellence in teaching and research, and are eager to pursue a rewarding academic career, please send (i) a detailed curriculum vitae, (ii) a description of teaching experience and philosophy, (iii) a brief description of your current research program, accomplishments, and future plans, (iv) copies of representative publications, and (v) the names of three referees.
