**Email:** [rwalsh@uwo.ca](mailto:rwalsh@uwo.ca)

**NOTE:** All course information including grades, assignment outlines, deadlines, etc. are available via OWL.

**Calendar Description:** This course provides students with the opportunity to put theory into practice within the sports teams and medical facilities at Western. Students will work closely with athletic teams, in assigned areas, under instructor supervision.

**My Course Description:** This course is intended to provide the student a hand's on learning environment. You will become the student trainer for an assigned varsity athletic team. You will be responsible for all of the pre and post- practice care of the athletes on your team such as taping, stretching and injury assessment. During the practice and game periods you will be directly responsible for the on field acute care of these athletes. Class time will be spent refining your acute injury management skills, your acute injury assessment skills as well as some basic rehabilitation skills. These will be taught through both lecture and hands on learning. The student trainers will also have the opportunity to spend time volunteering in the Fowler /Kennedy Sport medicine Clinic.

It should be understood that the practicum is in effect for the full academic year and, although responsibilities with a team will cease prior to the completion of the academic year, the student will be requiredm0854

**Recommended Text:**  
**Prentice 14<sup>th</sup> edition**

**Hoppenfeld**

**Learning Objectives:**

Upon completion of this course students will be able to:

**1. Identify,**
