Calendar Course Description (including prerequisites/anti-requisites):

This course will explore psychological theory and application of body image as it applies to the context of kinesiology. Body image conceptualization, measurement, and intervention will be discussed, ranging from psychopathology to positive embodiment. The role of the body contextualized to *movement* (e.g., exercise, sport) will be a particular focus.

Prerequisite(s): Permission of Kinesiology.

Recommended: Completion of KIN2276A is required prior to taking this course.

Extra Information: 3 x 1 hour lecture/seminar per week.

You are responsible for ensuring that you have successfully completed all course pre-requisites, and that you have not taken an anti-requisite course. Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this
