1.2 Course Outline

prior to the exam start time. The instructor will permit entry into the room once it has been set up for the exam. The midterm will cover all lecture, laboratory sessions and reading material **up to and including** the first neuroanatomy laboratory session on February 6, 2014. The format of the exam will be multiple choice questions, matching questions, diagram labelling and case studies. Electronic devices will not be allowed during the midterm exam. The timing of this exam has been carefully considered with respect to the content and the timing of other evaluations in the course. Due to the fact that the course only runs once a week, there is no flexibility in terms of changing the date of the midterm.

3.2 Neuroanatomy Laboratory Quizzes (10% of final mark)

Following each of the two lab sessions, there will be a time-limited WebCT quiz based upon the knowledge acquired during the lab session. The quiz will be multiple choice format. The quizzes are **to be completed by 11pm on the day of the lab session.**

3.3 Group Project (25% of final mark)

The assignment requires you to work with classmates in assigned groups. You will be asked to form into groups by January 30, 2014. Then you will be provided with detailed information about

SCHEDULE OF KEY DATES AND TOPICS
