

Health Sciences 2801a    *Research Methods in Health Sciences*  
School of Health Studies, Faculty of Health Sciences  
September to December 2015

## 1. Course Information

This course is an introduction to the methods used in health sciences research. Although formulas are given and calculations are presented, the principal orientation of the course is conceptual rather than mathematical. Your grade in this course is based on three quizzes and a final exam.

Classes – 2 hours  
Fridays, 10:30 to 12:30, SSC 2050

Labs – I am in class during this time to answer questions about calculations and readings.  
Fridays, 9:30 to 10:30, SSC 2050

### *Prerequisite Checking*

You should consult the Western Academic Calendar ([www.westerncalendar.uwo.ca](http://www.westerncalendar.uwo.ca)) for the requisites of this course. Unless you have either the requisites for this course or written special permission from your Dean to enrol in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

## 2. Instructor Information

Christopher Lee, PhD  
email: [cjlee@uwo.ca](mailto:cjlee@uwo.ca)

Office: Room 221, Laba Health Sciences Building

Office Hours: lab time (Fridays, 9:30 to 10:30, SSC 2050); otherwise, by appointment.

## 3. Course Materials

There is no textbook to be purchased for this course. I have prepared a set of PDF readings to accompany the classes, and these readings are posted in OWL. Each reading provides a short introduction to the top 0 h 0 0 1 139,0 1 139O 12 387n 139O 12a st

e quizzes are one-hour in length, and they are administered online using OWL see
