Statement on use of electronic devices:

Use of Recording Devices and Course Content

Course instructors own and retain the intellectual property rights of their teaching materials. These rights extend to materials used in online settings and digital learning management systems like OWL, Zoom, and TopHat. Students ~~do not~~ have my permission ~~to~~ make audio or video recordings of lectures, take pictures of lecture material, or distribute any course content for nefarious purposes (e.g., for sale or to cheat on ~~exams~~) ~~as a~~ decision of the instructor as to how and when teaching materials ~~be~~ shared or used *Unless explicitly noted*

It is expected that the grades for this course will fall between 7% and 80%. In the event that the course average falls outside this range, a constant may be added (or subtracted) from each student's grade, by the instructor, to bring the class average in line with school policy.
