Participation active (10%)

Attendance is mandatory. The success of your learning experience in any course requires that you regularly attend classes. This is particularly true of language courses. Your instructor will take attendance every class. Each hour missed will make you lose attendance points. If you miss a class for a valid reason, you must provide adequate written justification for your absence. Active class participation is highly encouraged. You are expected to come well prepared to class. Grammar exercises, readings, and other assignments are to be completed at home on a weekly basis. On average, students are expected to spend at least 3 hours a week reviewing the material covered in class and preparing for the next class.

Tests en classe (2 x 17.5%: Week 5 and Week 9)

Two assessments will be conducted in class for a duration of 110 minutes each. No aids are allowed. If you are absent for a valid reason, you must provide adequate written justification for your absence (see document modations for work missed due to problems below) in order to be granted a make-up test.

Examen final (30%)

The final exam assesses your knowledge of the material covered in class. Information about the structure of the exam will be provided in the last week of classes. The final exam is 3 hours long. No aids are allowed.

Final examinations must be writ
