Assignment details will be made available in the Assignments section of OWL.

SUBMITTING ASSIGNMENTS:

All course work must be submitted electronically through the Assignments section of OWL. Course work submitted there is automatically sent to Turnitin. Do **not** submit a paper copy.

If you have difficulty in submitting the paper to the Assignments section of OWL please e-mail a copy of your paper to the instructor by the due date to prevent your paper from being considered late.

ANONYMOUS GRADING:

To avoid bias I grade your essay, quizzes, puzzle list, and the written portion of your puzzle assignment **anonymously**. Reflections are not anonymous as they are a guaranteed 1% if you engage with the material. Prepare your work as follows:

- Use **student numbers, not names**, on assignments and quizzes.
- Take names out of the headers in your documents.
- Save documents with your student number(s) and the name of the assignment.
E.g. "250111111, Essay"

OWL: Please check the announcements section of OWL regularly.

PLAIGIARISM:

Assignments for the course submitted to OWL are automatically sent to Turnitin.com for plagiarism checking. Papers are not graded until they are submitted and checked there.

You may not submit assignments, or portions of assignments, that have been prepared for other courses. All instances of suspected plagiarism will be taken very seriously. Make sure to **cite all direct quotes, use quotation marks, cite all ideas that you got from somewhere else even if you are not using quotes, and include a bibliography or footnotes of any external resources that you use in anything submitted for this class.**

ACCESSIBILITY:

Your success in this course matters and there are many ways to learn. I encourage students to discuss their learning styles and needs with me during office hours or at another arranged time.

We usually think of disability in relation to accessibility. Many other factors also affect accessibility including employment and family responsibilities. Talk to me, to the Student Development Centre, or to your academic counsellor as soon as possible if you have *any* accessibility or accommodation concerns and we will address them together.

Disabled students can use Services for Students with Disabilities provided by the Student Development Centre including: note-takers, learning strategies assistance, assignment and exam accommodation, and sign-language interpreters. The Accessibility Services Office is located on the 4th floor of the Student Services Building, room 4111. Visit their website at <http://www.sdc.uwo.ca/ssd/> for information or call (519) 661-2147.

LATE POLICY:

Late assignments will be accepted with a penalty of 2% per day, but not after the last day of class without accommodation from an academic counselor. I do not accept late reflections as they are a measure of class participation. If you ever need accommodation for an assignment worth more than 10% you must see your academic counselor promptly.
