4. Late essays and penalties

An essay will be considered late if it is handed in after the due date. Late essays will be penalized at the rate of <u>five</u> percentage points on the first day it is late, followed by a deduction of <u>one</u> percentage point for each subsequent day up to a maximum of 50%, at which point a grade of 0 will be automatically recorded

NOTE: This policy DOES NOT apply to Essay #3, which is due on the last day of classes for the semester (i.e., Friday, December 7th 2018) time, a grade of 0 will (regrettably) be automatically applied.

5. Plagiarism

Plagiarism is a form of cheating. Plagiarism is unacknowledged copying or paraphrasing of the words or ideas of another person. In general, anyone who learns something from a source (other than course lectures or general background knowledge any student of the course could reasonably be expected to have) and then presents that knowledge as their own discovery is considered to have plagiarized, even if the words used to express the ideas are not exactly the same.

Examples of plagiarism include: misrepresenting co-authored or group work as individually done, cutting and pasting copied or paraphrased work by others in with your own work, paraphrasing or otherwise altering the order of words or phrases and/or substituting words or phrases of similar meaning without acknowledgement that you are doing so, aiding and abetting such offences, among others.

Students must write their essays and assignments in their own words. Whenever students take an idea, or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. Plagiarism is a MAJOR academic offence (see Scholastic Offence Policy in the Western Academic Calendar).
