Governors are each responsible for advancing and upholding the mission of the University, as informed by the strategic plan. Governors must act in accordance with their fiduciary duty to the University to promote the best interests of the University, and in fulfillment of the role of the Board and of Governors as set out in the University of Western Ontario Act, 1982 [as amended in 1988] (the “Act”) and the By-Laws of the Board.

In addition to the responsibilities set out in the Act and the By-Laws of the Board, the following are the duties and responsibilities of Governors:

Carry out their functions with diligence, integrity, independence, good faith and the prudence of a reasonable individual.

Any actual, potential, or appearance of a conflict must be disclosed, considered, and appropriately managed or eliminated.

In their highly trusted advisory and governing capacities, Governors will be exposed to different types of sensitive information requiring considered use and confidentiality. This may concern faculty, staff, administration or students. I
