

POLICY 1.29 – Bank Card Policy

Policy Category: General
Effective Date: June 26, 2007
Supersedes: June 28, 2001

PURPOSE

The acceptance of Bank Cards provides a convenient way to handle the sale of goods and services at The University of Western Ontario. While University departments are encouraged to use technology, there is a need to understand the information security risks associated with the transaction. In particular, electronic commerce transactions introduce a high level of risk with respect to the security and privacy of the personal information of purchasers. Departments must meet the University's requirements for security and for integrating transaction information into the University's application systems.

By permitting the use of Bank Cards for commercial transactions, The University of Western Ontario becomes subject not only to federal and provincial legislation relating to privacy, but also rules and regulations relating to the handling of Bank Cards and Cardholder Information imposed by Banks and other third parties. This Policy provides m. and3(o)-12..1(m)-2Tc 0 Tw 8-[e2(par)-6.3(t)- hon k[id.,8(.)]TJ (par)-6.Td ()T
