S.03-12 **Revisions to the Admissions Scholarships Program**

In January 2003, the following recommendations will be forwarded to the Property & Finance Committee and the Board of Governors regarding changes for Undergraduate Admission Scholarships:

- A) That effective May 1, 2004, an unlimited number of Continuing Scholarships be available for students with entering averages of 95% or higher and that the value of the award be increased from \$2,000 per year to \$2,500 per year for four years. (In order to retain the award, students will be required to maintain a yearly average of 80%.)
- B) That effective May 1, 2004, the value of the Western Scholarship of Distinction be raised from \$1,000 to \$1,500, for students with entering averages between 85% and 89.9%. *[Not "90% and 94.9%" as incorrectly stated in Exhibit IV.]*
- C) That effective May 1, 2004, the minimum average for eligibility for the Western Scholar Award be raised from 80% to 83%, and that effective May 1, 2005, the Western Scholar Award be discontinued.

Mr. Etherington asked if Western's Admissions Scholarships Program is similar to those at other universities. Dean Timney stated that universities differ in their approach to the admission scholarships program by either giving a large number of small value scholarships or by giving very few high value scholarships. Dr. Harris stated that Western's overall Admissions Scholarships Program is one of the most generous in the province. Under the current program nearly all of the students in the entering class last year were eligible for the Western Scholar Award, given the admissions average level. The revisions to the Admissions Scholarships Program recognize the top performing students, provide some guarantee about the kind of scholarship support students would be eligible to receive, respond to the need to ensure that the Program is competitive, and provide continuing admissions scholarships. Dean Timney added that the entering averages have been increasing year after year so that in effect the minimum level scholarships are essentially tuition rebates.

Mr. Vaillancourt asked about the total spending relative to the program. Dean Timney advised that this year more than \$3.7 million was allocated from the University's operating budget.

S.03-13 **Report on New Scholarships and Awards**

Senate approved the terms of reference for the following new scholarships, awards, medals and fellowships for recommendation to the Board of Governors through the Vice-Chancellor:

- Larry Shaw Athletic Scholarship (Any Undergraduate Faculty)

- Class of 1947 Arts Scholarship (Faculty of Arts)
- Gracey Family Graduate Scholarships (Faculty of Graduate Studies, Political Science)
- Mitch and Leslie Frazer Scholarship (Faculty of Law)
- Anne M. Elliot OSOTF Award (Faculty of Education)

S.03-14 **2003 Deadline for Changes to the 2004 Academic Calendar**

Senate was informed that although the World Wide Web copy of the academic calendar is updated on an ongoing basis, the print copy of the calendar is updated annually and has a November 1st deadline for changes. In light of the large number of changes to programs as a result of the undergraduate curriculum reform process, the Registrar's Office is concerned that the academic calendar cannot be prepared in time for the December print deadlines without additional time for review of the changes to programs and courses. For this reason, the calendar deadline for inclusion in the 2004 printed copy of the academic calendar will be moved from November 1, 2003, to September 19, 2003.

S.03-15 **DAP Approvals to be Posted on the Web**

Effective January 1, 2003, approved changes to programs and courses which are channeled through the Deans: Academic Program [DAP] (a "virtual" subcommittee of SCAPA) process will be posted on the web at <http://www.uwo.ca/univsec/DAPapprovals/>. More information about DAP may be seen in the Academic Handbook on the web at <http://www.uwo.ca/univsec/handbook/> in the section entitled "How to Make Changes".
