

Must support your opinion with sufficient reasons or evidence;

Assignment 2 – Revised piece of Discursive/Expository Prose (e.g. academic essay): select one of your academic essays, or some other piece of discursive (i.e. expository, not ‘creative writing’) writing, and revise/improve it for inclusion in your final Portfolio (this exercise will incorporate **peer review – a comparative analysis of the original and revised versions*): **15%** (grade will be based on the piece as included in your final Portfolio).

Assignment 3 – The Writing Portfolio: **55%** of your final grade will be based on an evaluation of this set of materials. That evaluation will take into account the overall effectiveness of the portfolio (given its intended purpose), the design and presentation of the portfolio, and improvements made to specific items of content throughout the term as a result of revision. Your provisional complete portfolio will be **peer reviewed*.

(**Peer Review*: Participation in peer review [as instructed] in each assignment for which a ‘peer review’ component is specified is *mandatory*. Students who do not submit a complete draft for peer review as scheduled ***and*** participate in peer review ***will lose 10%*** from the earned grade for that assignment or assignment component. ‘**Completeness**’ here means that the draft you submit is ‘complete’ enough to allow meaningful comment by other students. By participating in peer review you gain other readers’ comments and have an opportunity to offer comments [‘criticism’, in the best sense of that term] to others.

Week 3 Discussion Topic assignment: Do Assignment 1 on page 29 of the Portfolio text (Skills Inventory), creating one or two paragraphs about your skills; these notes will be the basis for your Week 3 Discussion contributions. Note that the Assignments themselves are not formal, nor are they graded (other than in relation to your participation in this Discussion).
