Fall 2022

Instructor: Mark Kearney

Email: mkearney@uwo.ca

Office hours: Via Zoom

or by appointment

From Deadline to Headline is designed to teach students how to write for various forms of publication including news stories, profiles, and magazine feature articles. Students will learn the ability to communicate information, arguments, and analyses accurately and reliably, orally and in writing to a range of audiences. Students will develop skills in the research, writing, editing, formatting and marketing of materials for publication. Students will acquire the ability to develop story ideas, research, interview, write query letters, produce features, revise and edit, prepare and meet the requirements of specific genres and publications. Strong emphasis will be given to the practicalities of writing as a career, including getting started, working towards success (and coping with rejection) and learning how to manage the organizational side. Students will encouraged to submit their work to outside publications when applicable.

At the time of illness, students should make an appointment with a physician/nurse practitioner at Student Health Services. During this appointment, request a Student Medical Certificate from the Physician/Nurse Practitioner.

Documentation from Hospital Urgent Care Centres or Emergency Departments

Students should request that an SMC be filled out. Students may bring this form with them or request alternative Emergency Department documentation. Documentation should be secured at the time of the initial visit to the Emergency Department. Where it is not possible for a student to have an SMC completed by the attending physician, the student must request documentation sufficient to demonstrate that their ability to meet their
